GUIDON

Federal Science + Technology Capability Statement.

VETERAN-FOUNDED. MISSION-FOCUSED. PEOPLE-MINDED.

Guidon® is a multi-discipline architectural and engineering firm with nationally recognized expertise in science, technology, and laboratory design. We specialize in mission-critical, secure, and complex environments for federal clients, delivering high-performance facilities through integrated planning and an understanding of technical and operational requirements. Our experience includes advanced laboratories and SCIF-secure facilities for the Department of Veterans Affairs, the U.S. Army, Navy, and Air Force, and State and Local clients meeting standards for security, safety, and flexibility.
